INTRODUCTION

Welcome to the Traders Day Live at the amazing Church House Conference Centre in Westminster.

Today is about your journey as a trader. Whether you are just starting out on the road to success or if you have been trading for many years, at Traders Day Live you'll find something that makes you a better trader.

That might be a new strategy, or an idea to improve your own strategies. It might be the key to help you manage your emotions or an insight into how successful traders approach the markets. It might even be a new angle on the markets you've never considered before.

Traders Day Live is an event for traders, by traders.

Produced by The 5ers and Trade The Pool, Traders Day Live is all about fun, networking and learning. Learning from the best whilst having a blast, surrounded by others who share your passion for the markets.

And we'll keep it real. All our speakers have real life experience to share with you. We all know that, in reality, trading is not about Lamborghinis and swimming pools, it's about equipping yourself with the skills, tools, insights and knowledge to become a successful long-term trader, year in and year out.

Our speakers are the best in the business, they've taken your journey and they know the route map to success. They'll be happy to listen to your questions and experiences. So, share your ideas, learn from others and let others learn from you.
